We are contacting you on behalf of Faith Connections on Mental Illness. FCOMI is a group of laypeople and clergy from across NC dedicated to improving perceptions and providing resources to those who need information about mental illness. Every year, FCOMI sponsors a day-long conference that features nationally recognized speakers who address issues associated with faith and mental illness.

We would very much appreciate you including information on our 7th annual conference in your bulletin, newsletter, website or other communication.
